

CAMPUS CAMPAIGN

a living education

Who We Are

At Ambleside Colorado, a **K – 12 school serving the Denver-metro community**, we are providing a *living education* to students and their families. Each child is known, guided, and empowered to author a full and free life — a life rich in relationship to God, self, others, ideas, and all of creation. Our education prepares students not just for a test or career but more so, to grow into people who care for their families, love their neighbors, give back to society, and cultivate Christian character along with a rich spiritual and intellectual life.

What We Want to Build

With your support, we will ensure our mission in the area for the next 100 years and beyond by securing a permanent school facility.

Ownership of our school campus will:

- establish permanence and durability for our mission in the area.
- ensure long-term development of our students, families, and community.
- allow us to leverage our expertise and operations to **serve as a network hub and plant additional Ambleside schools** in the area.

Why It Matters

Schools and culture today are failing our children. A truly counter-cultural approach is needed to address systemic issues.

At Ambleside we:

- **feed the mind and soul** of every child through knowledge and ideas.
- form the whole child as a reflection of God's image, created for fullness of living.
- **instill the joy of learning**, and the desire and passion to become lifelong learners.

"Our Shakespeare Festival is definitely one of my favorite things [about Ambleside]. It's the joy of putting yourself in a position that's not normally where you'd be, and then challenging yourself to speak out in front of other people... while using ridiculously long and strange words." — Keira, 10th Grade

By investing, you are providing an expansion of this life-changing educational model for more children to experience the unique and transformational Ambleside philosophy and curriculum.

Together, we can grow Ambleside Colorado, further spread the love and support of a **joy-filled Christian, multi-generational community**, and impact current and future generations to make a difference in the classroom, community, and world.

OUR IMPACT

Ambleside Colorado is already making a difference and has the potential, with your help, to make an even greater impact in more lives in the classroom, our community, and the world.

167

children are thriving as they receive a *living education* from Ambleside Colorado.

In the Classroom

With your support we can:

- serve 208 students annually — increasing our capacity by 20%.
- deepen programs and extracurricular activities with dedicated facilities for Spanish, music, art, tutoring, science, woodworking, and athletics.

25%

of our student body is supported through financial aid and could not attend Ambleside otherwise.

In the Community

With your support we can continue this and:

- expand programming throughout the year with indoor and outdoor camps and homeschool training and inspiration for families that do not currently attend Ambleside.
- enhance our capacity to offer our annual events to the broader community, to allow our students to share their work with others and to share the gospel message to neighbors and community members.

25

Ambleside Member Schools are established in the United States and across the world.

In the World

With your support we can:

- grow the gift of an Ambleside education by planting three additional schools in the Denver Metro area by 2032.
- establish a Regional Leadership Training Center to share this education with families, pastors, and educators in our area and from around the world.

"I love math. At first, I wasn't the best. But I really like that we learned a variety of different things in math, and we started with the simple so that we could get better and better." — Evan, 2nd grade

A Living Education begins with you.
